3) Conditions/ Qualifications of Candidate:

The program/project submitted by candidates should have significantly contributed to the development of education facilities in Islamic countries, in line with ICESCO's principles and objectives in this field:

- By explaining the nature of educational facilities, for example: building, developing, or providing schools/institutes with electronic equipment, smart devices and educational tools,... etc.
- By providing clear and concrete charitable services in the development and support of educational facilities.
- By providing outstanding charitable services that effectively help to support the implementation and development of projects in the fields of distance education and virtual learning in the context of the Corona pandemic.
- By providing voluntary and charitable services and contributing to the continuity of the educational process, in the context of the Corona Pandemic.

In addition, the following conditions will be taken into consideration:

- The program/project must be on-going for at least three years for its results to be evaluated and its success verified. This condition excludes programmes and projects supporting the global orientation in distance education and virtual learning, as well as projects supporting education in the light of compelling circumstances.
- Must not serve any sectarian or partisan agenda.
- Must not be entirely supported by the patron of Hamdan Bin Rashid Al Maktoum Award for Distinguished Academic Performance;
- The program/project must be wholly or partly related to the field of education.

4) Criteria for winning the Prize:

1. Objective (15 points) - This part should include a description of the target group of the program/project, an explanation as to the needs which motivated its establishment, and supporting evidence. If there is a need to include additional complementary documents, they can be sent with this form.

2. Explanation of the program/project (30 points) - In this section, the candidate should provide details about the project/program including its objectives, conceptualization, design, financial contribution, financing possibilities and human resources.

3. Impact and achievement (40 points) - This section should include a description of the impact and achievements of the program/project.

4. Sustainability, difficulties and problems, lessons learnt, replicability and future plans (15 points) - This part should detail the problems encountered, lessons learnt, sustainability, replicability, targeted future plans.

5. In case of winning the Prize - Provide three suggestions on how to invest the amount of the Prize's reward in developing the current project or proceeding with other projects.

5) Acknowledgement:

I hereby certify that the information provided on the program/project description and the way of using the Prize's financial reward is accurate.

I reaffirm my commitment to provide the administrative board of Hamdan-ICESCO Prize with the supporting documents relevant to the proper use of the Prize's financial reward.
